To the Voters

BRAZOS COUNTY

I have made a great effort to see every voter in the County, but find that it will be impossible to do so, and take this method of earnestly asking you for your support in my race for County Suerintendent of Public Instruction.

Nine years ago I began teaching a one-teacher rural school in this County. Have followed the ordinary line of promotion until I reached the principalship of some of the best high schools in the County. As the next step of promotion is the County Superintendency, I ask you for your vote and influence upon my record as a rural school teacher in the schools of Brazos County.
